ARNO SPA

A warm and relaxed welcome.

Recently built in the ancient cellars of Villa La Massa, guests are welcomed into an informal and elegant space. An evocative vaulted hallway guides the guest through 325 sq.m. of historical details, including cross and barrel vaults with original bricks and ancient portals, combining heritage with luxurious comfort - an authentic Tuscan style.

The look and feel of Tuscany is embodied throughout, with terracotta floors, green slate, the use of pale colours and Tuscan wood. The welcome area houses changing rooms, showers, closet space and elegant ergonomic furniture.
